

Pricelist 2008

How to calculate your order:

The first column gives the price for the first 20 copies of stationery.

Eg. the first 20 standard invitations you order will cost €65.

Each additional 10 copies you need will be priced as per the second column (for standard invitations, €20). So, if you need 50 invitations, you need to add on €60 (3 x €20), and the total will be €125.

The third column lists the price per 100 copies. Again, if you need 10 more, add on the price per 10 (€20), so 110 standard invitations would be €245.00.
